Re: Newcomb Hospital Adaptive Reuse Project-Vineland Community Health and Wellness Center

Dear Congressman LoBiondo:

I am writing to express my complete support for and your assistance in identifying funding to assist the City of Vineland in developing our community health and wellness center on the campus of what will become a regional health care and training facility.

This is a unique opportunity for the City of Vineland to be able to consolidate many of its health care services under one roof providing for improved operating efficiencies and benefiting from the synergistic relationships with our proposed health care partners.

I appreciate any assistance that you can provide to the city in covering Vineland's share of the capital costs for this project. \$2.0 Million.

Sincerely,

Robert Romano
Mayor
